Education

Brock University

Bachelor of Arts in Interactive Arts and Science

St. Catharines, Ontario

Sep. 2021 - Jul. 2026

Relevant Coursework: Discrete Mathematics, Data Structures & Algorithms, Front-End Development, UI/UX Design, User Research, Human-Computer Interaction, Audio Production

Skills

Languages: HTML, CSS, JavaScript, Java, Python, C#

Frameworks/Libraries: React.js, Node.js, Bootstrap, Three.js

Software: Unity, Autodesk Maya, Notion, Thonny, Visual Studio/Visual Studio Code, Figma, Canva, Adobe Photoshop, DaVinci Resolve, GitHub, Affinity, Audacity, LMMS, Microsoft and IOS software

Projects

ClipEasy | Video-Editing Software Prototype

- Developed a video-editing software prototype using Figma and Claude A.I.
- Utilized Figma to design the mock user interface of the prototype
- Programmed and developed the final prototype, in collaboration with Claude A.I., using HTML, CSS, and JavaScript

PeekABoo | Single Player Horror Puzzle Game

- Responsible for producing in-game background tracks, music and foley sounds
- Used LMMS to record background tracks, then refined and edited tracks in Audacity for improved sound quality and added sound effects as needed

SubTrackt | Subscription Tracker Prototype

- Developed a website concept for a subscription tracker using HTML, CSS, JavaScript, and Bootstrap
- Utilized HTML/CSS to develop the front-end of the website, while using JavaScript to create interactive elements throughout the website

Brock University Student Portal Figma Prototype

- Redesigned Brock University's Student Portal as an academic project
- Developed wireframes and mockups to enhance the overall user experience
- Applied typography and colour theory principles to improve the user interface

Weather Tracker Project

- Developed and designed a weather tracking interface using HTML, CSS, and JavaScript
- Integrated a weather API to display real-time weather data across different locations

Activities

Sound Engineer & Foley Artist | Team PeekABoo | Brock University

April 2026

- Presented PeekABoo alongside other groups at the end-of -year Interactive Arts and Science department showcase and networking event
